 - d. Potential collaborations between Athletic Department (data) and faculty looking to do more athletics focused research, as opposed to broader sport project. Interest meeting will occur in late October/early November, TBA.
 - e. Call for Seed Grants will go out in January with funds available in July 2020. Projects need to be related to sport, anywhere from youth to professional athletes.
- IV. Committee Reports

 - Paw Journey will join us in November.
 - c. Administration and Communication
 - No report.
 - d. Athletic Academic Oversight Committee
 - According to University manual on Academic Policies and Procedures For Athletics, there is no formal policy for allowable absences due to athletic activities. Individual faculty have their own policies, but no university policy. Might be something to consider to develop a formal policy.
- V. Nieri Academic Center Update – Steve Duzan
 - a. Working to report Academic Progress Rate to NCAA, will be publicly available around April/May 2020
- VI. Athletic Department Update – Dan Radakovich, Director of Athletics
 - a. Just returned from ACC Meetings.
 - b. Much discussion about Name, Image, & Likeness issues with NCAA, and Pay to Play issues. More information to come about agenda issues.

- c. NCAA tends to be more reactive than proactive, due to size of the entity and the fact that it is a member driven organization. Members don't always have the foresight or ability to address things before they become big issues and there are conflicts between the diversity of member institutions. Often best ideas are put forth by athletes.
- d. Football schedule issues, for example, not playing North Carolina since 2010. Discussing ways to address scheduling.
- e. Stadium End Zones, parking lot, and locker room construction projects under consideration by the Board. If approved, new facilities by Aug. 2021. IPTAY done in November. Soccer operations will break as soon as football is over. Softball had first practice yesterday.
- f. Soccer and football in top 10, women's volleyball growing, women's cross country won a meet.

VII. Other Business: Ask Dan

- a. Safety For All comes and talks to coaches, staff, athletes about situations that could be interpreted as being insensitive, etc. They give resources on how to handle, who to talk to, and what information to share. This includes religious freedom issues.
